

"This March, aside from visiting different credit unions (CUs) and documenting my learning on mutual aid benefit, I also started conducting accounting tutorials for Rachana. Although she had taken up a short accounting course in Cambodia before, she still needs assistance to be able to grasp the full accounting system of CUs considering the technicalities of accounting.

Last April 24-25, 2009, Rachana, Russell and I attended CULT's General Assembly (GA) held at Town in Town Hotel, Bangkok, Thailand. The activity gave me the opportunity to observe how CULT conducts its GA. The only limitation we had was our inability to understand the full proceedings as our knowledge of Thai is still minimal."
